Man.. Woman.. Child.. Infinity.. God?

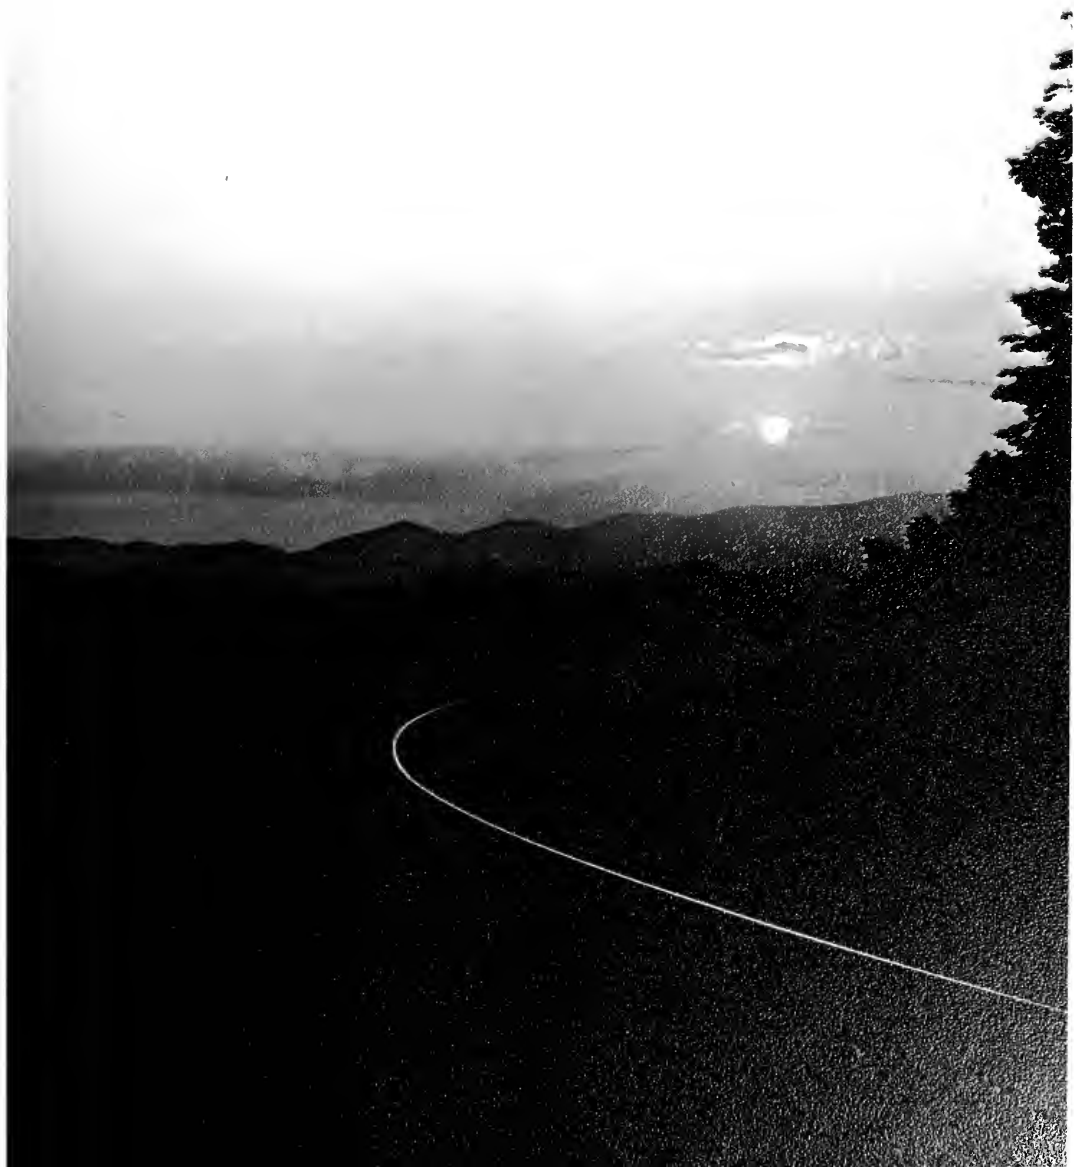

the University in Mountaineer Country...  
a changing dynamic Country, a changing dynamic University

man incarnate as the spirited yosef,  
woman impetuous as the active creature,  
child immaculate as the goal of the scholars,  
infinity as the lanes of pursuit,  
God as the fictitious and the Real.

these are the elements of the perceptive University..

This is the University  
often...  
in dreams  
yet always...  
in reality.

This is Mountaineer Country.

to this Country come the learned...  
and the learner...  
BRINGING knowledge of the past...  
perception of the present and of the future...  
with personalities full of:  
    anger  
    hate  
    envy  
    prejudice--  
these do not long endure.

BUT,

kindness,

humor,

love,

joy--

these remain as the mighty mountaineers.

The learner becomes the learned--  
yet, he continues ever to learn.

Learning--independence,

self-sufficiency,

communal effort.

still always maintaining endurance--

not as a parental parasite,

a lecture regurgitator,

or a dependent child,

but as a

mountaineer--

full of doggedness and perseverance

and that innate quality called

perception.

perception that finds  
the time for...  
Love.

The biological urges and drives  
signal--and ever the  
twain shall meet--yes,  
the happyappy finds love in Mountaineer Country...  
and time for

Study.

The mind questions, ponders,

then resolves--experimentation,

'a duò hypothesis"--another hypothesis,

success--a theory-- a learner has learned--

a degree--another plank over the BRIDGE.

Each finds his reward

in "the pursuit of", "the quest for."

Through the quest, we find  
an emptiness,  
a lonely path,  
a time without friends.

yet, we perceive a time when  
we shall fill the void--  
our shouts, not mine--  
our support, not mine--  
there is no emptiness,  
no lonely path--  
only time for friends.

a time for friends--not just  
the hard times, but the  
happy moments

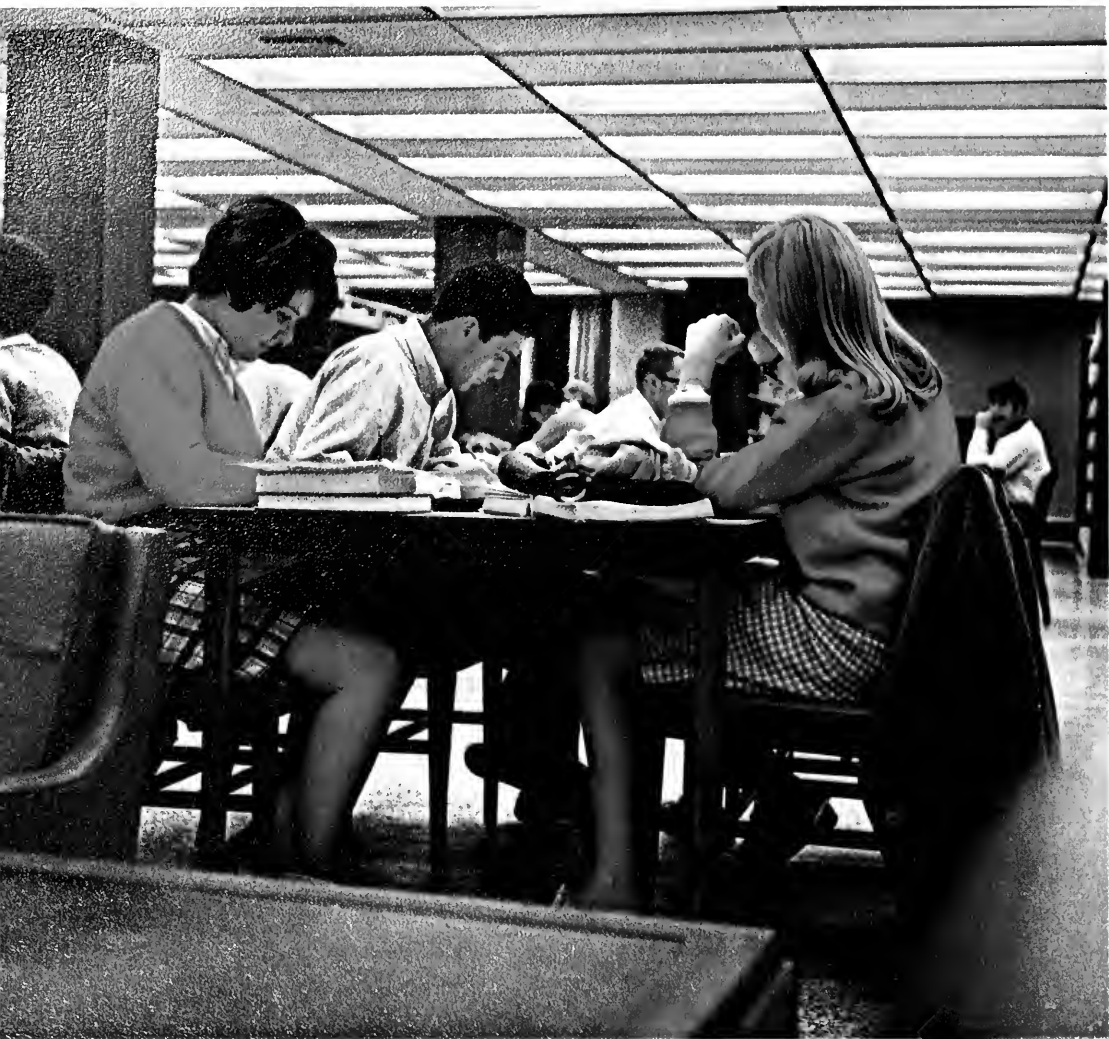

We smile, and laugh--  
yet, together, we perceive our  
role and duty, so we learn--  
learn to perceive Mountaineer Country--  
together.

Then, the void engulfs each of us.  
For, we must get alone, be alone.

We think,  
reason,  
perceive,  
dream--

for we  
are molding our perception of the  
future.

In the molding comes the night--  
a hand that removes the  
impurities of the day, and allows man  
to illuminate only the beautiful  
in Mountaineer Country.

Each soul and each study lamp  
send forth rays and destroy  
the night--for in darkness  
we do not live, and here we  
must live so that we can learn.

**WEATHER**  
 North Vietnam experiences more summer and less winter. Hanoi's average temperature ranges between 82° in June and 43° in January with an average rainfall of 48 inches for the year. Summer is the season of maximum rainfall.

But with the day, again we

perceive reality--

the good, the bad, and the ugly.

the good of just living,

the bad of pain and sorrow,

And

the ugly of war--man's inhumanity to man. this is

the constant shadow hovering over all of Mountaineer Country.

The day also BRINGS  
physical exertion--and the  
thrill of knowing that this, too, BUILDS  
the UNIVERSITY. This is the  
domain of all Apps. But,  
most importantly the athlete--  
it is his quest and his perception.

Another beam of the sunlight of the  
day reveals the scholar--  
he, too, labors to build the  
University --  
-- often  
in the quiet corners--and  
accepts praise with humility--  
but many times,  
there is no praise.

But the self knows praise--

praise for doing one's best

and knowing inwardly that he is a

BETTER man for his labor.

The LABOR is not infinite. Each

Mountaineer seeks pleasant

memories--a soft shoulder.

A SECRET smile.

A TENDER kiss.

the rush of the crowd.

and nights when rules and

cares were momentarily forgotten

Truly it is a good time  
to be a part of life.  
When the moon beams count  
only the waning hours.

And the young hearts seek  
only to perceive. Who? What?  
When? Where?

The sun dial lights the hour  
of morn and each realizes  
to a further degree... No longer  
Who? What?  
When? Where?

Just When??

When?

in lonely hours.

can he perceive

a new role...

and for the ego-

a new status.

The status of being, if only  
known to two, an adult...

with all

the rights,

the privileges,

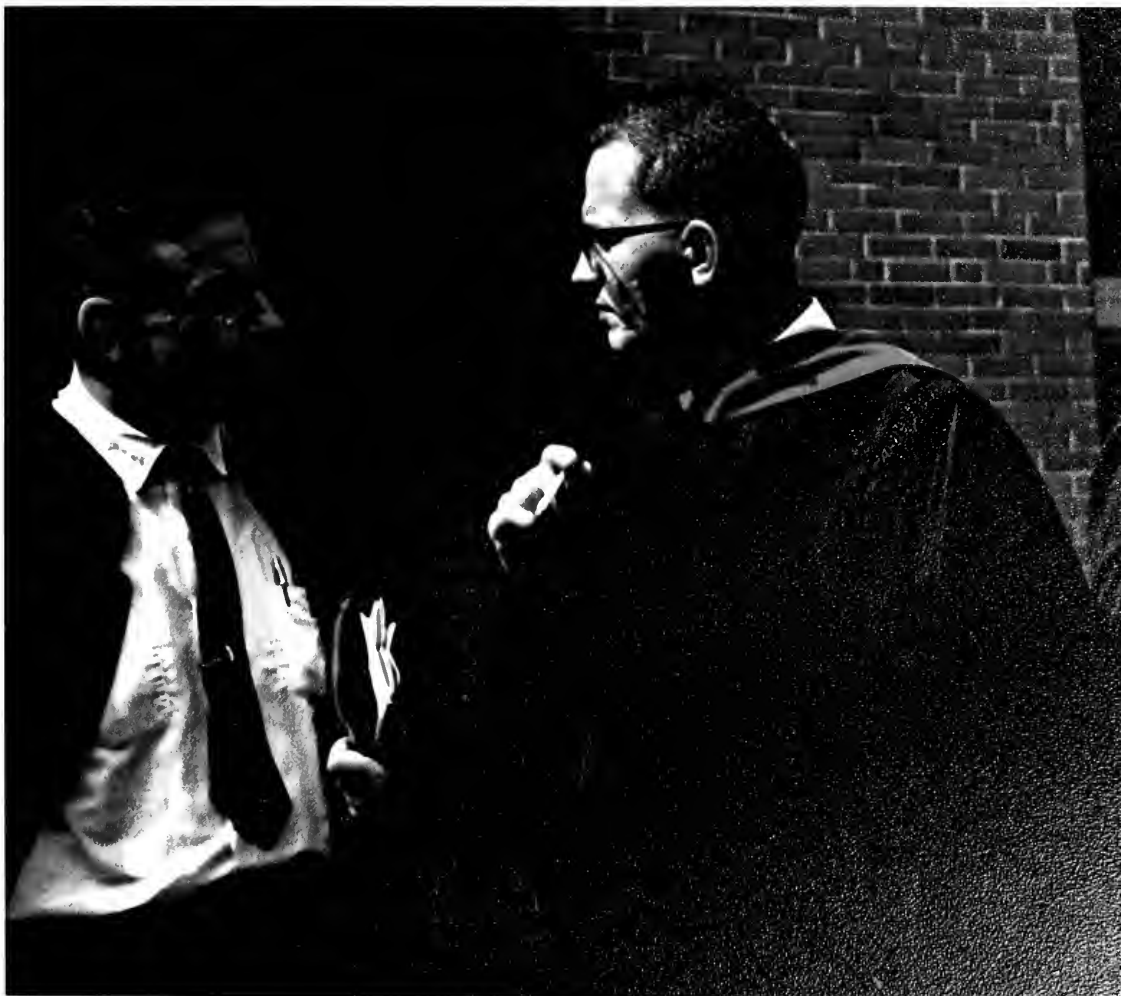

the duties,

and

the responsibilities.

The responsibility of helping  
others to perceive Mountaineer Country  
as a community of scholars, and,  
yes, administrators.

Scholars are all...students, faculty,  
administrators  
administrators are all...students, faculty,  
administrators

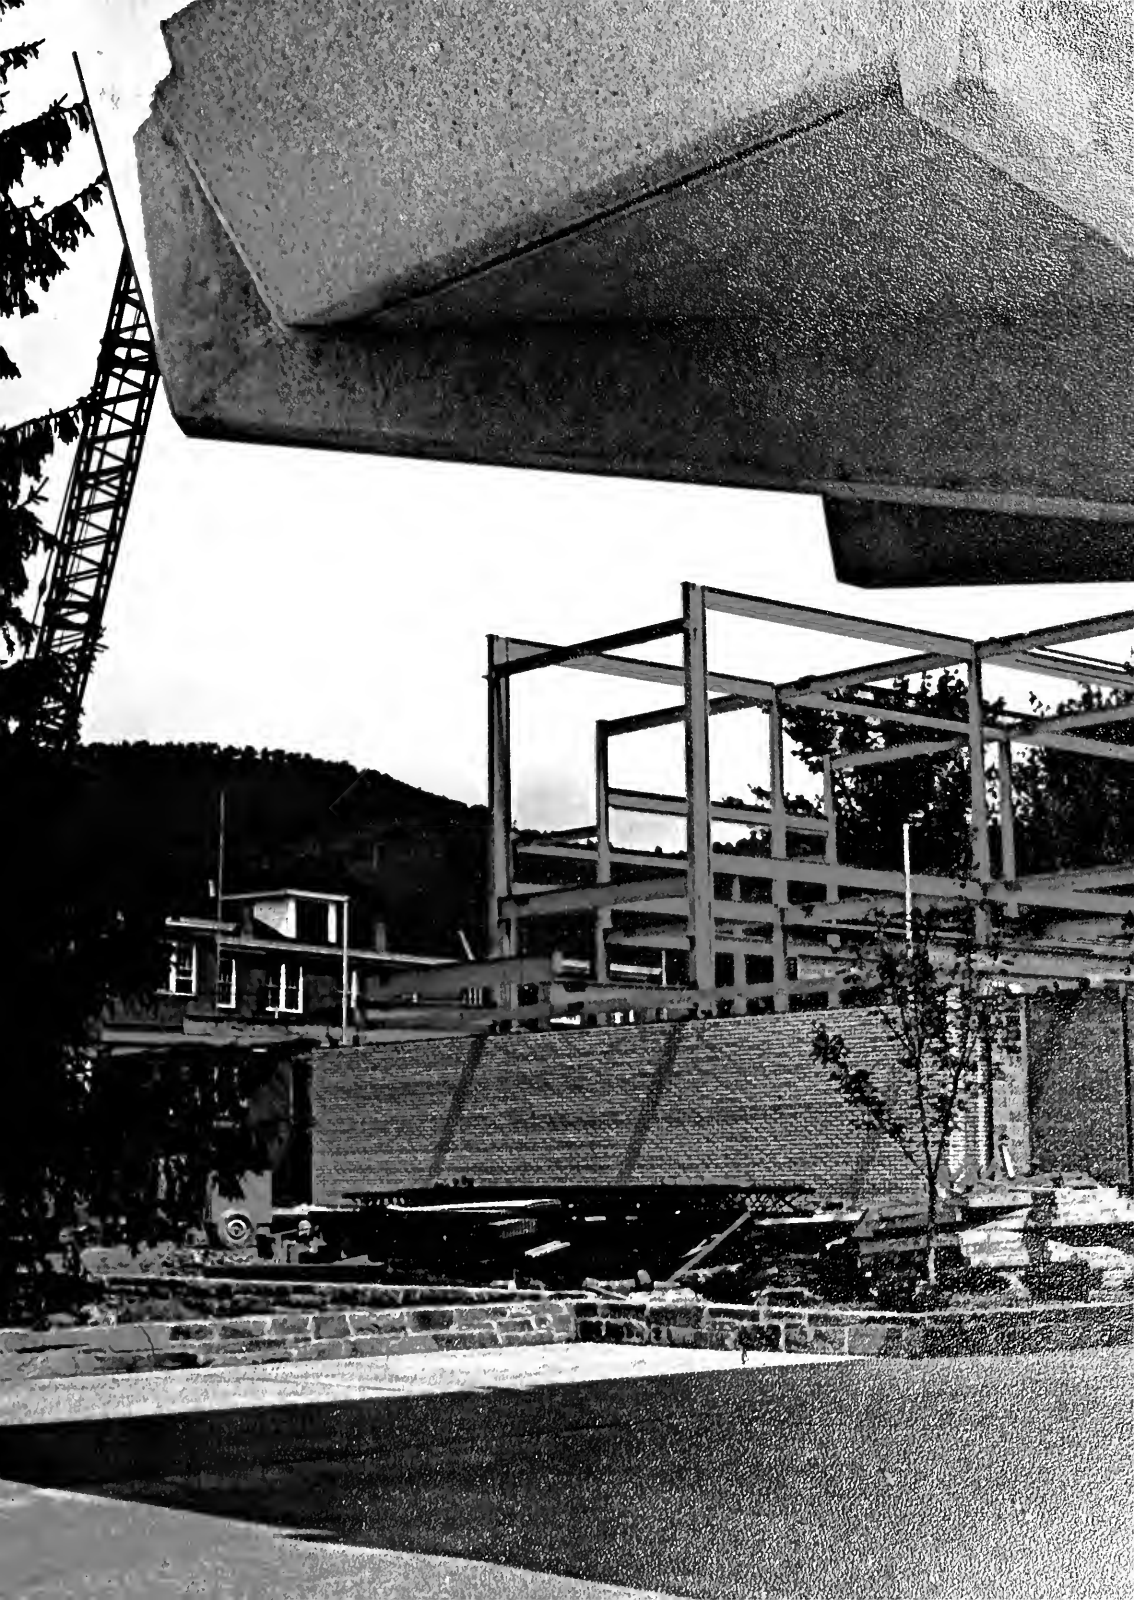

The good is for the scholar,  
principally the student...the  
good for the student is and  
must be the good for the  
University. If in this we fail, we  
jeopardize the University's life.

The bad is necessary so that we  
can appreciate the good...  
the bad is known to man  
woman  
child  
infinity  
and  
God  
But alas, it shall die.

The ugly is not necessary...  
It is superfluous... War--be damned,  
Death remove thy sting--for we  
will not succumb...  
We belong to Mountaineer  
Country.

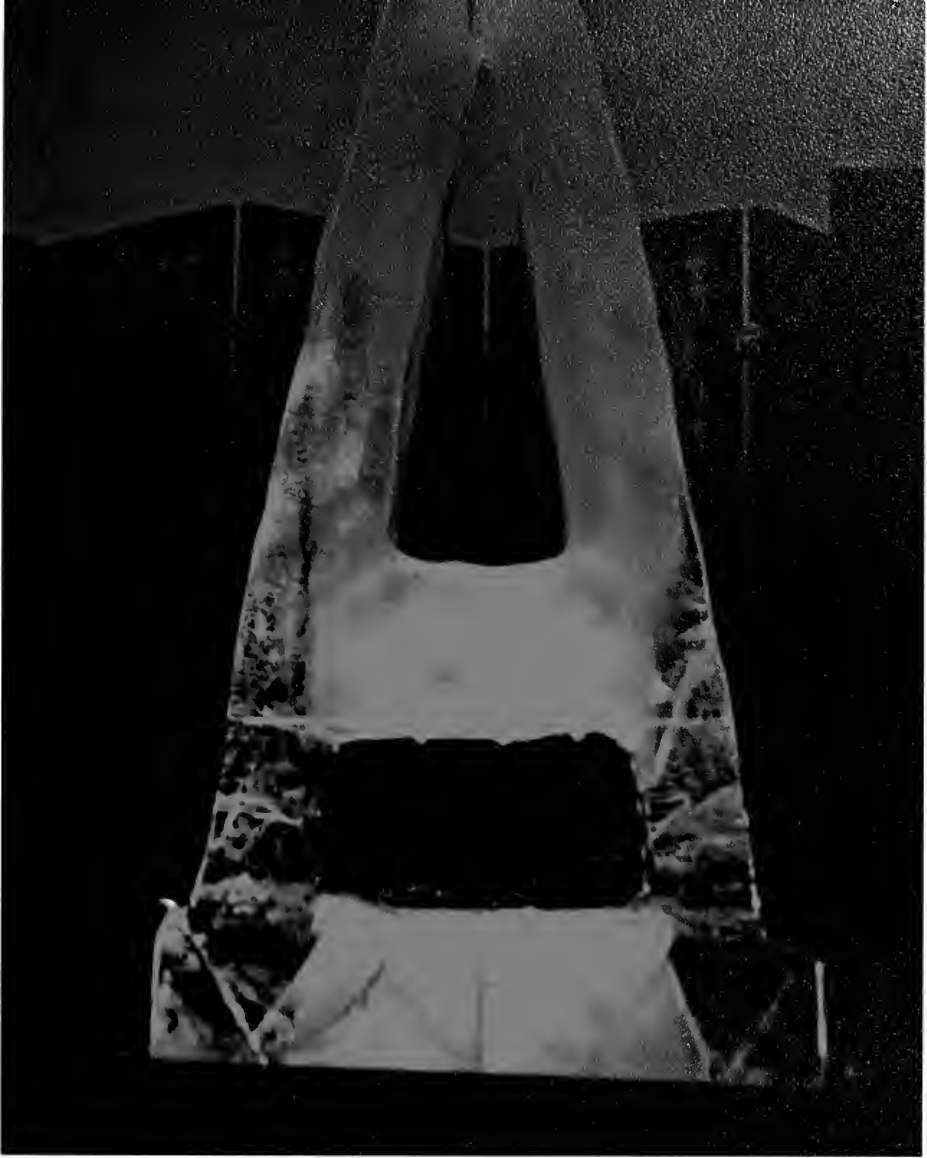

We are the Country--of the  
good...the dynamic...  
the changing, we have  
not found, but rather, molded  
our molds. We have  
made our mark... it was for  
the good of the University.

A university that helped  
to break our primary  
communal bonds--  
in order,  
to be alone...  
to fashion our dreams  
and to determine our perceptive goals...  
in mountaineer country.

Say

"Man, Do We Feel A Draft!"

These are the times of—

Vietnam

Riots in our streets

Biafra

Poverty

Racism

The Pueblo

Czechoslovakian suppression

Rhodesian sanctions

An era when millions lack hope—the food,  
and the medicine, and the clothing  
that substantiate our hope  
are unknown to them.

Seniors, where are we going?

They gave us Hitler, Stalin,

Mussolini, Franco, Castro; North

and South Korea and Vietnams;

the "A" and "H" bombs. They

watched The Pueblo; Hungarian

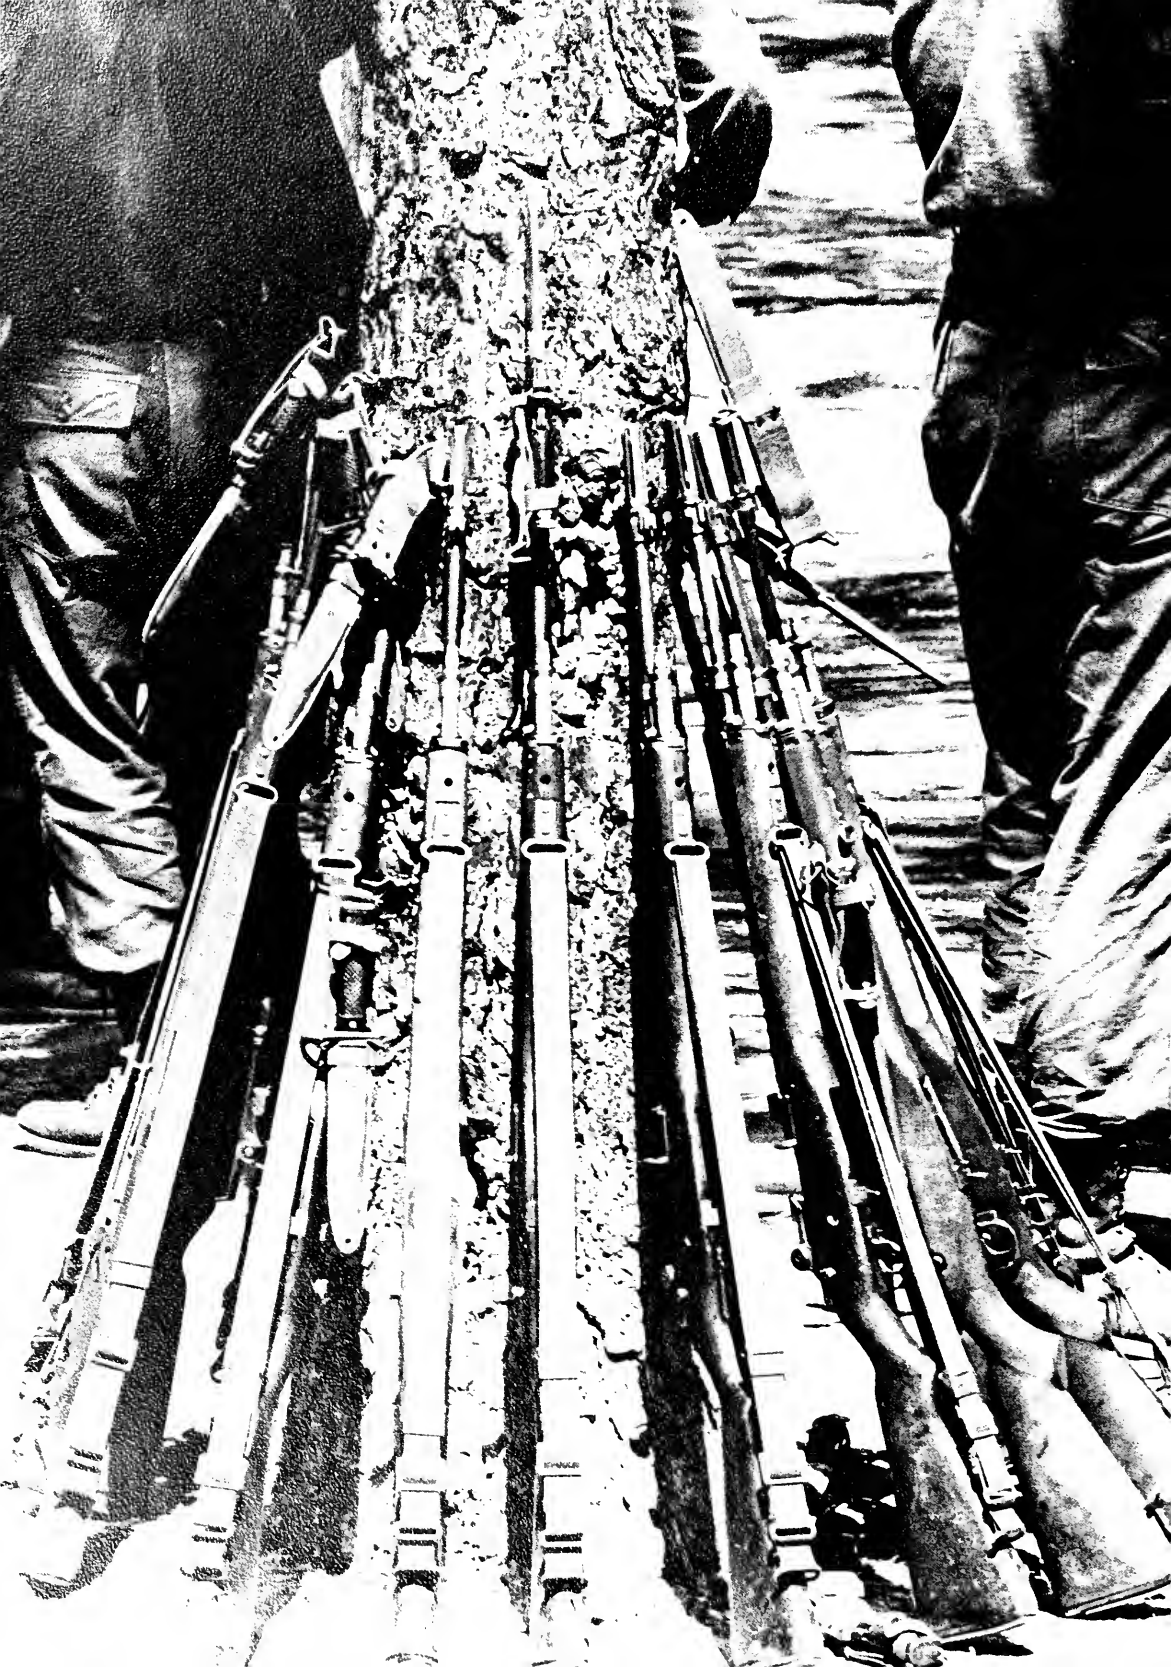

students puddled in their blood;

Czechoslovakian freedom zealots

go underground.

The choice is ours—  
We can make the  
world safe for  
democracy by  
utilizing our  
education.

We can help to educate untold millions of our Americans about the Real Society that is so fervently ours.

We can remember those of our number  
who have already died for their goals in  
this society. We can take their yokes  
and move onward.

Have we established our bearing  
and do we realize that the compass  
must read "onward"?

With graduation, where do we  
stand?

Our motto must always be  
that of Tenneyson in his Ulysses  
“To strive, to seek, to find, and  
not to yield.”

This is it—The book that has been in the creation for four tiring, but rewarding years. It is the expression of yourself—Yosef . . . an interpretation of the years of rebellion . . . a synopsis of the moments of decision . . . a review of the great year—1969.

The book should be used like a mirror. As one ponders through the copy and the pictures, he should perceive his relationship to the University. He should perceive the homecoming game as it occurred to him. He should perceive the final exams as they occurred to him. This is the purpose of RHODODENDRON—1969: to aid each student in his interpretation of University life in Mountaineer Country.

The compilation of RHODODENDRON—1969 was through the joint efforts of a number of people. However, there are some individuals that merit a special "thank you" from the editor-in-chief:

Sara Spurling, Associate Editor  
Louise Conrad, Business Manager  
Beverly Burnette, Art Editor  
Gary Ogburn, Sports Editor  
Janet Masencup, Layout Editor  
Miss Elizabeth Fox, Advisor  
Mr. Lee McCaskey, Advisor  
Mr. Leon Lewis, Delmar Printing Co.

Without their untiring efforts the book would still be merely a dream. Thank you for the reality of '69.

I remain,  
Cordially,

*Douglas Carroll*

Editor-in-Chief
